## EQS-1200SM-3 Quality Control Cabin

The EQS-1200SM-3 Quality Control Cabin offers waste processors the opportunity to maximise product quality recovery capturing up to 8 materials from 1 unit and is designed for up to 40 yard skip size. The EQS-1200SM-3 incorporates a dual action blower and suction Airhog system for 2 stage super light fraction removal. The 3 bay heavy duty insulated cabin offers up to 6 manual material collection points and features a powerful overband magnet for additional Ferrous metal recovery. The hydraulically operated mobile chassis ensures ease of transportation with adjustable operating heights.

### KEY FEATURES

- 3 Bay Quality Control Cabin
- 1200mm Wide Picking Belt
- Hydraulic Support Legs
- Overband Magnet for Ferrous Discharge
- EH-81 Airhog Blower Fan and Light Discharge
- Access Platform and Stairs
- Extraction System Inside Cabin
- Low Maintenance
- High Throughput
- Integrated Controls

### SUITABLE FOR

- C&D/ C&I Waste clean up
- Skip Waste processing
- Scrap Metal quality control
- MSW
- Landfill Reclaim
- MDR
- RDF/SRF
- Aggregate recycling

### OPTIONAL EXTRAS

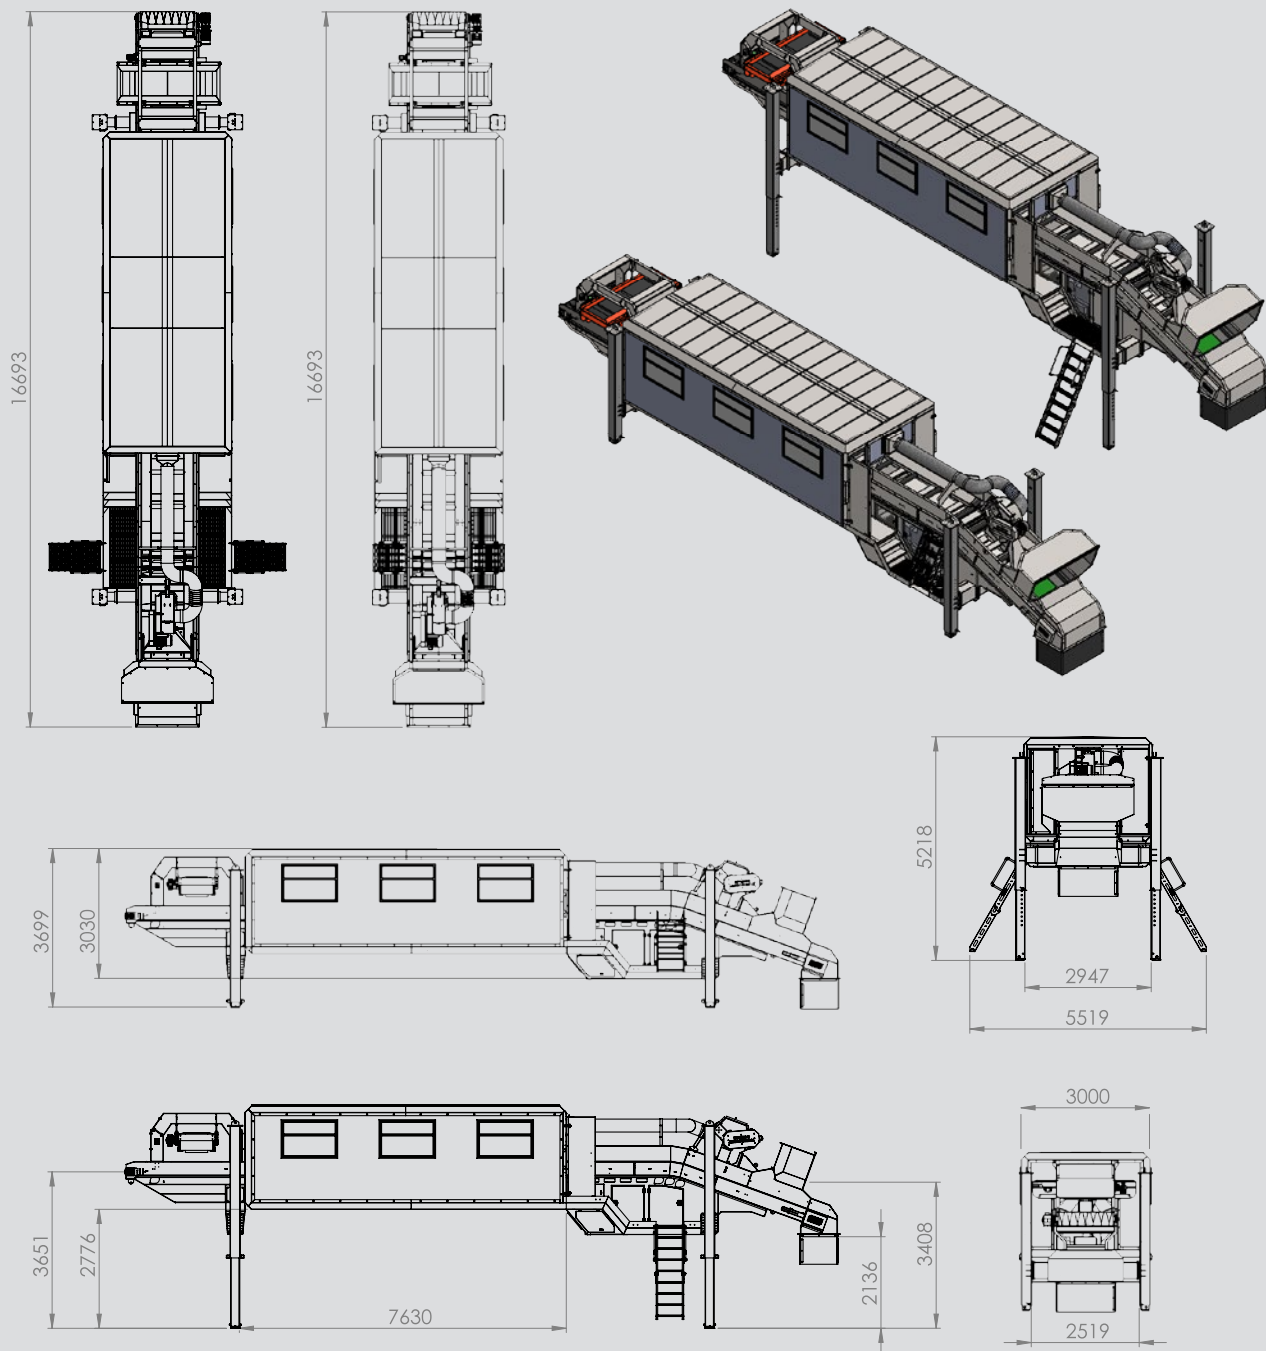

- **HYBRID** options available.

**IDEAL FOR HIRE AND  
WORKING IN REMOTE  
APPLICATIONS.  
OPTIONS FOR  
ONBOARD GENERATOR  
AND COMPRESSOR  
AVAILABLE.**

# TECHNICAL DATA

Please note: design and specification may be subject to change.

## SPECIFICATION

### EQS-1200SM-3

Weight 17T (approx.)  
Transport Length (16693mm)  
Transport Height (3699mm)  
Transport Width (3000mm)  
Operating Length (16693mm)  
Operating Height (5218mm)  
Operating Width (3000mm)

### Picking Cabin

Cabin length (7630mm)  
Cabin Width (2947mm)  
Picking Belt Width (1200mm)  
VSD geared motors  
Double skin insulated cabin

### Airhog Suction System

EH-81 Airhog  
Radial Fan

### Overband Magnet

Cross-belt magnet  
Self-cleaning rubber belt  
DOL Geared motor

### Chassis

Steel chassis  
Galvanised steel support legs  
Adjustable height – Hydraulically driven  
Access stairs

### Power Supply

Genset onboard  
**HYBRID** options available

### Hydraulically Driven

### UL Certification

All products supplied by Ecohog will be built to the highest specification and control panels will be UL Approved for the USA and Canadian markets.
